Facebook page : Mizoram Science Centre

Mizoram, a part of the great sub-Himalayan mountain range and located at the southern extreme of the north-east India, is a beautiful expanse of blue-green hills stretching away to hazy skyline. It covers an area of 21,081 sq.kms. spreading over eight districts. Aizawl, the capital of Mizoram with a population of about three lakhs, is humming with commercial, educational, social and political activities.

Mizoram Science Centre is the one and only institution of its kinds in Mizoram. It is situated at Berawtlang, Aizawl, near Tourist Complex in a beautiful expanse of blue green hills amidst the natural tree. Since its inception, it has been serving the people by communicating Science & Technology through its exhibits and activities in an enjoyable ways with the primary objectives of developing a scientific temper in the society and to promote creative learning of science in schools and colleges.

If you wish to take out your family to enjoy a holiday or decide to send your students for an educational tour on a school day, plan for visiting the Mizoram Science Centre.

Forest Gallery

Diverse flora, fauna and natural resources of Mizoram as well as world's forest cover are depicted here through interactive exhibits, animated visuals and diorama where you can have a real feeling of being in a forest. One can also test his knowledge at quiz corner and be your own judge.

Auditorium

A fully air-conditioned auditorium with a capacity of 120 people awaits you at one corner. With a well equipped audio-visual equipments such as projector, sound system, etc. it is available for use on payment of nominal service charges. Moreover, its users are free to enjoy some of the gallery.

Fun Science Gallery

Science is exploration, science is discovery, science is fun. Here in Fun Science Gallery, take a course of exploration on simple science experiments, handle the exhibits and try out all the options.

Show your child the fun side of learning while taking the pleasure of discovery in various fields of physical sciences.

Keep it simple
Make it fun
